In the beginning God created the heaven and the earth.

Genesis 1:1 teaches us that…

- There is a point at which TIME BEGAN
- God is AWESOME in His essence, power & wisdom
- Life has DESIGN & PURPOSE
- Creation did not CREATE ITSELF (Evolution is a lie)
- Man is RESPONSIBLE to Glorify the Creator

The Theory of Evolution

The hypothesis of evolution: The evolutionist believes that life evolved in this way:

1) From nothing to something
2) From inorganic to organic
3) From plant life to animal life
4) From animal life to man

I. **The flaws of evolution:**

1) Evolution is actually unscientific.
2) Evolution has no valid answer for the origination of matter.
3) Evolution contradicts the first and second Laws of Thermodynamics.
4) Evolution contradicts known biological facts.
5) Evolution has no proof of intermediate species ("missing links")
6) Evolution is statistically impossible.
7) Evolution contradicts common sense.
8) Evolution contradicts the clear statement of Scripture about origins.

II. The motive of evolution;

If there is no God, then there are:

1) No absolutes
2) No moral standards
3) No boundaries
4) No shame or embarrassment for sin
5) No fear of judgment
(6) No need of salvation

Psalm 100:3 If a Creator exists, these are some of the resultant consequences:

1) I am known by the Creator.
2) I am inferior to the superior Creator.
3) I am responsible to the Creator.
4) I will be judged (held accountable) by the Creator.
5) I should live for the glory and purpose of the Creator.
6) I am not the master of my life.

Therefore, I cannot live any way I please; I must do His will.
